

Price list

Servercore

Stable, scalable infrastructure where you do business

Do you have any questions?

Please contact us through the ticket system, which is available to all registered users in the control panel at my.servercore.com

The currency is assigned during the registration process in the control panel, taking into account your residency. Residents of Kazakhstan, Kenya, and Uzbekistan pay for resources in their local currency. For residents of the European Union, payments in euros are available.

If you are not a resident of any of these countries, you can pay for any resources in US dollars.
